RFP Frequently Asked Questions

Here are the answers to some commonly asked questions about the RFP.

Proposal Submission

**Q1.** Are firms able to bid on portions of this RFP, or does it have to be the entire scope?

**A.** *We are looking to have one consultant/company to cover the entire scope of work*

**Q2.** The RFP requests hourly pricing. Is that because deliverables are not able to be clearly defined? We typically charge per project, but the scope of work described in the RFP appears open-ended and unquantifiable. Is that an accurate assumption?

**A.** *Our scope of work is open ended, but there are specific tasks that should be performed regularly. We’re going to compare prices for various consultants/firms based on the overall scope; and hourly pricing makes it easily comparable.*
